

The Songs of Love Foundation

A Unique Fusion of Human Service and Arts

Our primary mission at the Songs of Love Foundation is to bring joy, comfort, and hope to sick children and teenagers through the power of personalized songs. We believe that music has the ability to make a positive impact on the lives of those facing medical, physical, or emotional challenges.

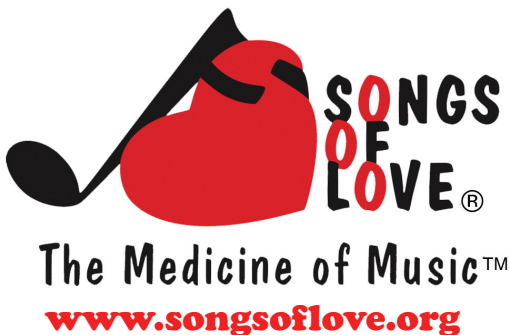

As part of our commitment to this mission, we also support the arts by giving singer/songwriters a meaningful outlet to create music for a good cause, and to make them feel validated and appreciated for the talents they have been given. By working together, we can make a real difference in the lives of sick children and teenagers, while also supporting the artistic community and inspiring others to use their talents for good.

Since 1996, the Songs of Love Foundation has created over 40,000 “songs of love” for as many kids all over the world. More than 1,000 singer/songwriters have been given the opportunity to have an everlasting positive impact with the talents they have been given.

The Songs of Love Foundation is delighted to announce that a gracious donor has pledged to match \$5 million towards our inaugural endowment campaign of \$10 million.

Upon achieving full funding, Songs of Love will be able to perpetually carry out its mission of assisting sick children through personalized songs while continuing to provide a creative platform for our talented singer/songwriters, along with a stipend.

THANKS FOR YOUR SUPPORT!
